

## 2009 CANADA SUMMER GAMES

### INDOOR VOLLEYBALL TECHNICAL PACKAGE

Technical Packages are a critical part of the Canada Games. They guide the selection of athletes by prescribing the age and eligibility requirements, assist the organizing committees by detailing tournament formats and scoring procedures, assist Chefs de Mission in verifying eligibility, help with budgeting by describing the number of participants permitted, advance coaching certification by stating minimum requirements and generally contribute to athlete development by identifying each NSO's version of prospective high performance athletes.

Every Games' coach, manager, Sport Chairperson and Mission staff has an obligation to read and understand every aspect of the Technical Package. Failure to do so could cost an athlete his or her eligibility for the Games or could affect final standings or the conduct of the competition. If someone does not understand an aspect of a Technical Package, he or she is to seek clarification from the Sport Committee of the Canada Games Council through his or her Chef de Mission or National Sport Organization.

Technical Packages are developed primarily by National Sport Organizations, following principles, guidelines and requirements of the Canada Games Council. As the overall governing body of the Games, the Council has the ultimate authority for Technical Packages, but this authority is exercised only with the knowledge and understanding of the NSO concerned.

If an individual wishes to initiate a change to a Technical Package leading up to a Games, the desired change should be first directed to the National Sport Organization or the Chef de Mission. The NSO or Chef will evaluate the merits of the change and will, if it has merit, submit the requested change to the Sport Committee of the Canada Games Council. The NSO or Chef will submit the rationale for the change. Changes to age groups, eligibility requirements, team sizes or staff complements will not be considered after three years prior to the Games. Substantive changes to events or competition formats will not be considered after 18 months before the Games. Minor corrections will be considered at almost anytime, but will be increasingly difficult to achieve within six months of the Games. These time frames reinforce the importance of complete understanding of the Technical Package early.

### Preliminary Competitions:

Round Robin, Two Pools

Rules of play are those of the Volleyball Canada (VC).

### Seeding for Pools

**Pool B :** 2; 3; 6; 7; 10; 11

The draw and schedule for the preliminary round robin as well as the schedule for both the Championship and consolation rounds will be done by the host organizing committee in consultation with the VC appointed technical representative.
