

2013 SHERBROOKE CANADA SUMMER GAMES BASEBALL TECHNICAL PACKAGE

Technical Packages are a critical part of the Canada Games. They guide the selection of athletes by prescribing the age and eligibility requirements, assist the organizing committees by detailing tournament formats and scoring procedures, assist Chefs de Mission in verifying eligibility, help with budgeting by describing the number of participants permitted, advance coaching certification by stating minimum requirements and generally contribute to athlete development by identifying each National Sport Organization's (NSO) version of athletes in the "training to compete" phase of its Long Term Athlete Development Model (LTAD), or other suitable phase of the model as justified by the NSO, discussed with the LTAD expert group, and approved by the Canada Games Council Sport Committee.

Every Games' coach, manager, Sport Chairperson and Mission staff has an obligation to read and understand every aspect of the Technical Package. Failure to do so could cost an athlete his or her eligibility for the Games or could affect final standings or the conduct of the competition. If someone does not understand an aspect of a Technical Package, he or she is to seek clarification from the Sport Committee of the Canada Games Council (CGC) through his or her Chef de Mission or NSO.

Technical Packages are developed primarily by NSOs, following principles outlined in this document, guidelines and requirements of the CGC. As the overall governing body of the Games, the CGC has the ultimate authority over Technical Packages, but this authority is exercised only with the knowledge and understanding of the concerned NSO.

If an individual wishes to seek clarification or initiate a change to a Technical Package leading up to a Games, the request should be first directed to the NSO or the Chef de Mission. The NSO or Chef de Mission will evaluate the merits of the request and will, if it has merit, submit the requested change or clarification to the CGC's Director of Sport for consideration. The NSO or Chef de Mission will submit the rationale for the request. Changes to age groups, eligibility requirements, team sizes or staff complements will not be considered after three years prior to the Games. Substantive changes to events or competition formats will not be considered after 18 months before the Games, unless approved by all participating provincial/territorial associations, the CGC, and the Host Society. Minor corrections will be considered at almost anytime, but will be increasingly difficult to achieve within six months of the Games. These time frames reinforce the importance of complete understanding of the Technical Package by Games' participants early.

8. TIE BREAKING RULE - COMPETITION:

All games will be played until a winner is declared.

9. PROVINCIAL/TERRITORIAL RANKING - TIE BREAKING:

9.1 Please note the following before going through the tie-breaking formula:

9.1.1 When a multiple tie occurs and is only partially resolved, the remaining ties will be resolved by continuing on with the remaining tie breaking priorities until all 4 priorities have been exhausted. Then, and only then, will the remaining tied teams return to priority number 1 and proceed through the order again.

9.1.2 In the “A” pool, if teams end up with same record, the tie-break formula will be used. If in the “B” pool three teams end up tied for 1st place with a 4-1 record, the tie-break formula will be used to determine the team who will finish 1st and advancing to 1/4 finals. A playoff game will be played between the two remaining teams to determine which team will move into the 1/4 finals (winner of this game) and which will play in the 3B vs 4B game (team that lost in this game). For any other tie scenarios in the “B” pool, the tie-break formula will be used.

9.1.3 In a mercy rule ball game, the winning team will get credit for 7 defensive innings while the losing team will only get credit for innings played.

9.2 Should ties occur between the provinces, division standings will be decided according to the following priorities:

1. The team with the best win-loss record in the game(s) between or among the tied teams will place higher in the standings.
2. If the tie still persists, the placement of teams will be dictated by the ratio of number of runs against per defensive inning for games between or among the original tied teams.
3. If the tie persists, the placement of teams will be dictated by the ratio of runs scored per offensive inning for games between or among the original tied teams.

Note: When calculating the number of defensive and offensive innings that are to be credited to each team under priorities (2) and (3), innings will be calculated on a fractional basis.

4. If the tie still persists, the team having the best win-loss record in games played versus the highest placed team not in the tie, followed by comparison against the next highest placed team, etc. will place higher in the standings.

14. Canada Games rules do not allow team staff to practice as therapists, physicians or other medical or paramedical practitioners. Team staff will not be permitted to administer medical care to athletes.

Newfoundland defeated B.C. 6 - 4

Ontario defeated Newfoundland 10 - 8

* No tie resolved, move to next priority

Priority 2:

Ontario 13 runs for in 14 innings (13/14) = .929

NL 14 runs for in 14 innings (14/14) = 1.000

*Newfoundland emerges from the tie

Example of fractional inning scenarios:

****Fractional innings calculation is used when a game ends before 3 out are made.***

Scenario # 1

If the home team wins the game in the bottom of the seventh inning by scoring a run with nobody out, the inning count will be:

Visiting Team: 7 offensive innings and 6 defensive innings

Home Team: 6 offensive innings and 7 defensive innings

Scenario #2

If the home team wins the game in the bottom of the seventh inning by scoring a run with one out, the inning count will be:

Visiting Team: 7 offensive innings and 6 1/3 defensive innings

Home Team: 6 1/3 offensive innings and 7 defensive innings

Scenario #3

The same application of the rule is used in a mercy rule situation. If the home team is awarded the game by the mercy rule after two outs in the bottom of the fifth inning the inning count will be:

Visiting Team: 7 offensive innings, 4 2/3 defensive innings

Home Team 4 2/3 offensive innings 5 defensive innings.
