

2019 Canada Winter Games Alpine Technical Package

Technical Packages are a critical part of the Canada Games. They guide the selection of athletes by prescribing the age and eligibility requirements, assist the organizing committees by detailing tournament formats and scoring procedures, assist Chefs de Mission in verifying eligibility, help with budgeting by describing the number of participants permitted, advance coaching certification by stating minimum requirements and generally contribute to athlete development by identifying each National Sport Organization's (NSO) version of athletes in the "training to compete" phase of its Long Term Athlete Development Model (LTAD), or other suitable phase of the model as justified by the NSO, discussed with the LTAD expert group, and approved by the Canada Games Council (CGC) Sport Committee.

Every Games' coach, manager, Sport Chairperson and Mission staff has an obligation to read and understand every aspect of the Technical Package. Failure to do so could cost an athlete his or her eligibility for the Games or could affect final standings or the conduct of the competition. If someone does not understand an aspect of a Technical Package, he or she is to seek clarification from the CGC Sport Committee through his or her Chef de Mission or NSO.

Technical Packages are developed 36 to 24 months prior to Games primarily by NSOs, following principles outlined in this document, guidelines and requirements of the CGC. As the overall governing body of the Games, the CGC has the ultimate authority over Technical Packages, but this authority is exercised only with the knowledge and understanding of the concerned NSO. Generally, Technical Packages are developed by sport, but in certain cases may be developed by discipline.

If an individual wishes to seek clarification or initiate a change to a Technical Package leading up to a Games, the request should be first directed to the NSO or the Chef de Mission. The NSO or Chef de Mission will evaluate the merits of the request and will, if it has merit, submit the requested change or clarification to the CGC's Sport Division for consideration. The NSO or Chef de Mission will submit the rationale for the request. Changes to age groups, eligibility requirements, team sizes or staff complements will not be considered after 36 months prior to the Games. Additions or changes to events/competition formats that result in a significant cost increase to the Host Society will not be considered after 24 months before the Games, unless approved by the CGC and the Host Society. Substantive changes to events or competition formats will not be considered after 18 months before the Games, unless approved by all participating Provincial/Territorial associations and the CGC. Minor corrections will be considered at almost any time, but will be increasingly difficult to achieve within six months of the Games. These time frames reinforce the importance of complete understanding of the Technical Package by Games' participants early.

The Para-Alpine competition will determine its medal events based on the number of category entries. If entries in a category are significant, medals will be awarded for that category. However, if there are not enough entries from all categories, there may be a single set of medals awarded per event per gender, combining results of the categories according to Para-Alpine's classification system.

Medal categories, or combined categories, will be determined at least one month prior to the 2019 Canada Winter Games and communicated to Chefs de Mission.

Seeding Procedures

Five (5) seed groups will be established for each of the male skiers and female skiers. Four (4) Provinces – one (1) Territory will have the right to put one (1) racer into each seed group; therefore, the number of racers in each seed will depend on the number of Provinces/Territories entered in the event. Once seed groups are established, starting positions will be determined by random draw within each seed group.

Second Run Start Order

All skiers who are not disqualified in the first run are admitted to the second run. The fastest thirty skiers from the first run will start in reverse rank order (i.e. 30th fastest starts first; 29th fastest starts second, etc.). Skiers from 31st down will start according to their first run finish times in rank order (fastest to slowest).

Super G, Giant Slalom & Slalom Ranking

The aggregate time that a racer obtains in the race will be used in determining ranking in that event, with the lowest aggregate time receiving 1st place, the 2nd lowest aggregate time receiving 2nd place and so on until all racers, without disqualification, are ranked.

Ski Cross Ranking

The competitors in the final round are ranked according to their finish order in the final followed by those ranked in the small final. All remaining competitors are ranked according to the round in which they are eliminated (e.g. quarterfinals) and their qualification times within that round. (e.g. competitors ranked 8 to 16 in the quarterfinal would be ranked according to their qualification times).

6. SPORT SCORING:

Each event will be scored separately.

Athletes will be ranked from 1st through last place.

If there is a tie, points will be shared equally between competitors (i.e. If tied for first then each competitor would receive 98.5 points (100+97)/2). If an athlete does not finish or is disqualified, the athlete does not receive any points.

For Provincial/Territorial teams that have received additional athletes through the Canada Games Reallocation of Para Athlete Quota Policy, coaches will be required to select two (2) Para-Alpine athletes whose results will count towards sport scoring for the entirety of the Games. The names of the two (2) athletes whose results will count towards sport scoring must be provided to the technical representative at the Coach/Managers Meeting prior to the start of competition. If a team does not submit these names by the end of the Coach/Managers Meeting, the original two (2) Para-Alpine athletes selected through the Provincial/Territorial Team Selection process will automatically become the athletes whose results count towards sport scoring.

For sport scoring purposes only, in relation to Canada Games flag point calculations, the final rank of non-scoring para skiers (skiers designated as not eligible for sport scoring as determined by the Provincial/Territorial coaches) will not be considered and the remaining athletes will be re-ranked to provide the official sport scoring results. Medals will be handed out in order of finish and will include non-scoring para skiers (as stated below in section 10).

For example, for able bodied races the sport scoring would be as follows:

Athlete A finishes 1st and receives 100 points – 1st place points

Athlete B finishes 2nd and receives 97 points – 2nd place points

Athlete C finishes 3rd and receives 94 points – 3rd place points

For Para-Alpine races the sport scoring would be as follows, assuming Athlete B is a non-scoring para skier:

Athlete A finishes 1st and receives 100 points – 1st place points

Athlete B finishes 2nd and receives 0 points – no points

Athlete C finishes 3rd and receives 97 points – 2nd place points

Athlete D finishes 4th and receives 94 points – 3rd place points

Athlete B would be awarded the silver medal in both the able and para races.

7. PROVINCIAL/TERRITORIAL RANKING:

Men and women will be ranked separately.

Alpine:

Team results will be determined by adding the top **three** finish positions from each Province and Territory in each of the events.

Para-Alpine:

Team results will be determined by adding the top finish position in each medal event from each Province and Territory in both events.

The highest aggregate point total for all men's events and all women's events (combined alpine and para-alpine) based on place points according to the number of starters will be ranked first, the second highest aggregate point total events will be ranked second, etc.

Once Provinces/Territories have been ranked, points for the Games Flag will be awarded as follows:

1st place - 10 points	6th place - 5 points	11th place - 1.5 points
2nd place - 9 points	7th place - 4 points	12th place - 1 point
3rd place - 8 points	8th place - 3 points	13th place - 0.5 point
4th place - 7 points	9th place - 2.5 points	
5th place - 6 points	10th place - 2 points	

8. TIE BREAKING RULE – COMPETITION:

If two or more racers are tied, the tied racers would receive the same position and award, and the next position would be eliminated. For example, in the case of a tie for first place, both racers would receive a gold medal, and the next finisher would be ranked third and awarded a bronze medal.

9. PROVINCIAL/TERRITORIAL RANKING – TIE BREAKING:

1. If a tie occurs in the final Provincial/Territorial team standing, the Province/Territory with the greater number of event first place finishes will be assigned the higher rank.
2. If the tie persists, the procedure is repeated for event second place finishes.
3. If necessary, the procedure is repeated for event third place finishes, and then fourth place finishes, etc.

NOTE: When a triple tie occurs and is only partially resolved, the remaining ties will be resolved by returning to priority #1 and proceeding through the order again.

10. MEDALS:

Medals are awarded in each event (and in each category for Para-Alpine, if each category has a full complement).

	Gold	Silver	Bronze
Super-G	2	2	2
Giant Slalom	8	8	8
Slalom	8	8	8
Ski Cross	2	2	2
Total	20	20	20

Racers selected to compete in the para-alpine events through the Reallocation of Para-Skier Quota Policy will be eligible to win medals.

11. COMPETITIVE UNIFORM:

All Alpine ski racing suits are permitted and must comply with the current FIS standards for alpine, para-alpine and ski cross, provided commercial marks comply with the Canada Games Council's

Commercialization policy. A helmet designed for ski racing and that complies with FIS regulations and specifications are compulsory for all disciplines.

Where possible, athletes should wear their Provincial/Territorial team colors for medal ceremonies.

12. EQUIPMENT:

A maximum of six pairs of skis for alpine competitors and a maximum of four pairs of skis for para-alpine competitors - including both competition and training skis - per athlete are permitted. Equipment must comply with NSO rules and specifications. Technical Representative will deal with any protests according to FIS regulations.

 - i) Having been a member of a club or Provincial/Territorial Sport Organization in that Province/Territory for the entire previous or current competitive season

- AND –
 - ii) Having represented that Province or Territory at an international, national or regional championship,

11. Where a team/Province/Territory/Chef wishes to challenge the eligibility of an athlete on another Provincial/Territorial team, it is expected that such a challenge will be made as soon as the protesting team knows that an athlete may be ineligible. Every effort must be made to ensure that protests on eligibility are lodged before an athlete competes.
