

2019 Canada Winter Games Cross Country Ski & Para-Nordic Technical Package

Technical Packages are a critical part of the Canada Games. They guide the selection of athletes by prescribing the age and eligibility requirements, assist the organizing committees by detailing tournament formats and scoring procedures, assist Chefs de Mission in verifying eligibility, help with budgeting by describing the number of participants permitted, advance coaching certification by stating minimum requirements and generally contribute to athlete development by identifying each National Sport Organization's (NSO) version of athletes in the "training to compete" phase of its Long Term Athlete Development Model (LTAD), or other suitable phase of the model as justified by the NSO, discussed with the LTAD expert group, and approved by the Canada Games Council (CGC) Sport Committee.

Every Games' coach, manager, Sport Chairperson and Mission staff has an obligation to read and understand every aspect of the Technical Package. Failure to do so could cost an athlete his or her eligibility for the Games or could affect final standings or the conduct of the competition. If someone does not understand an aspect of a Technical Package, he or she is to seek clarification from the CGC Sport Committee through his or her Chef de Mission or NSO.

Technical Packages are developed 36 to 24 months prior to Games primarily by NSOs, following principles outlined in this document, guidelines and requirements of the CGC. As the overall governing body of the Games, the CGC has the ultimate authority over Technical Packages, but this authority is exercised only with the knowledge and understanding of the concerned NSO. Generally, Technical Packages are developed by sport, but in certain cases may be developed by discipline.

If an individual wishes to seek clarification or initiate a change to a Technical Package leading up to a Games, the request should be first directed to the NSO or the Chef de Mission. The NSO or Chef de Mission will evaluate the merits of the request and will, if it has merit, submit the requested change or clarification to the CGC's Sport Division for consideration. The NSO or Chef de Mission will submit the rationale for the request. Changes to age groups, eligibility requirements, team sizes or staff complements will not be considered after 36 months prior to the Games. Additions or changes to events/competition formats that result in a significant cost increase to the Host Society will not be considered after 24 months before the Games, unless approved by the CGC and the Host Society. Substantive changes to events or competition formats will not be considered after 18 months before the Games, unless approved by all participating Provincial/Territorial associations and the CGC. Minor corrections will be considered at almost any time, but will be increasingly difficult to achieve within six months of the Games. These time frames reinforce the importance of complete understanding of the Technical Package by Games' participants early.

3. CLASSIFICATION:

ABLE BODIED:

Competitors 20 years of age and under (born in 1999 or after), plus a maximum of one competitor per gender 23 years of age and under (born 1996 to 1998, inclusive).

PARA-NORDIC:

Year of Birth: Athletes born 1984 or later.*

*In keeping with the objective of targeting athletes within the Training to Compete (TTC) level of the LTAD, age exceptions may be provided to Para-Nordic athletes born prior to 1984 whose athlete development level is consistent with TTC. The CGC and CCC recognize that an age-dependent criterion may not adequately reflect the entry of the athlete into Para-Nordic skiing due to late onset disabilities through injury or medical condition. CCC's Para-Nordic Committee in cooperation with the CGC will consider these special cases up to December 1, 2018. A Province/Territory may only receive 1 age exemption per gender for the 2019 Games and only if there are no other available athletes who meet the age category. Athletes selected through the reallocation policy must meet the age category, no exemptions will be granted.

4. ELIGIBILITY:

4.1. Coaches:

The head coach on the official registration form must be certified under the National Coaching Certification Program (NCCP) Competition stream, Development context (Certified status), or Level 4 fully certified in the old NCCP in Cross Country Ski. These coaches must be so certified not later than 90 days before the opening of the Games (November 17, 2018).

Assistant coaches and the Para-Nordic designated coach on the official registration form must be certified under the National Coaching Certification Program (NCCP) Competition stream, Development context (Trained status), or Level 4 fully certified in the old NCCP in Cross Country Ski. These coaches must be certified / trained not later than 90 days before the opening of the Games (November 17, 2018).

If a Provincial/Territorial team does not distinguish between a head coach and assistant coaches, at least one of the team's coaches must be NCCP Competition Development Certified or old Level 4 fully certified, while the others must be NCCP Competition Development Trained or old Level 4 fully certified.

It is *strongly recommended* that the designated coach for Para-Nordic be at least Comp-Intro Trained in the Para Context. All coaching staff should be briefed ahead of time on the specialized support this group requires.

For more information on the coach certification pathway, please see Appendix 2.

4.2. Competitors:

All competitors must hold a valid Cross Country Canada Racing License.

Requests must be submitted to the respective Provincial/Territorial Chef de Mission and approved by the Canada Games Council’s Sport Committee.

5. COMPETITION:

ABLE-BODIED

MALE	10 km	Free technique; interval start (3.3 km x 3)
	1,200-1,600 meters	Sprints (free technique; top 30 to quarterfinal heats)
	15 km	Classic technique; mass start
FEMALE	7.5 km	Free technique; interval start (2.5 km x 3)
	1,200-1,600 meters	Sprints (free technique; top 30 to quarterfinal heats)
	10 km	Classic technique; mass start
MIXED (2 men & 2 women)	4 x 5 km relay	Classic technique. Two official teams per P/T will be permitted. Unofficial teams of 2 men + 2 women may be formed with extra skiers.

Five men and five women team members may compete in all individual competitions. Start order will be determined as follows:

- Interval Start Races – grouped by Canada Points (Distance) and randomly seeded within groups; starting order of the groups to be decided by the Jury
- Sprint Qualification – order by Canada Points (Sprint) i.e. best start first
- Mass Start – order by Canada Points (Distance) i.e. best in first position
- Mixed Gender Relay – Start order by combined Distance points of team members. Each P/T will be eligible to position one team in Group A. P/T’s second team will be positioned in Group B. Among all Group A teams, the P/T team with the highest total Distance points will start as number one, the P/T team with the second highest total points will start as number two in the Chevron and so on until all Group A P/T-designated teams are placed. The positioning of P/T teams in Group B will follow the same protocol. Unofficial teams will be positioned by combined points at the back of the start grid. In the case of teams having equal total points, the team with the highest point-holder starts ahead of the other. Skier order will be as follows: Leg 1 - men, Leg 2 - women, Leg 3 - men, Leg 4 - women.

PARA-NORDIC

Para-Nordic competitions will be run as two categories: sitting (sit-skiing class) and standing (visually impaired and standing classes, a combined category).

In the standing category, athletes classified as visually impaired will be compared to standing classified athletes to determine final race results in both male and female events by applying percentage formulas (as per WPNS rules) correlating standing skiers' performances with visually impaired skiers' performances. In the sitting category, results will be determined by applying percentage formulas (as per WPNS rules) specific to the athletes' disability classes.

In that respect, race courses used for Para-Nordic events will be designed (slopes, turns, etc) in order to be fair for all Para-Nordic athletes within each of the three categories.

MALE		
SITTING:		
	2.5 km	Para-Nordic, interval start, fastest first
	600-800 meters	Sprints (top 8 to semi-finals)
	5 km	Para-Nordic, interval start
STANDING:		
	2.5 km	Para-Nordic, free technique*, interval start
	900-1200 meters	Sprints (classic technique; top 8 to semi-finals)
	5 km	Para-Nordic, classic technique, interval start
FEMALE		
SITTING:		
	2.5 km	Para-Nordic, interval start, fastest first
	600-800 meters	Sprints (top 8 to semi-finals)
	5 km	Para-Nordic, interval start
STANDING:		
	2.5 km	Para-Nordic, free technique*, interval start
	900-1200 meters	Sprints (classic technique; top 8 to semi-finals)
	5 km	Para-Nordic, classic technique, interval start

All four athletes may compete in all Para-Nordic competitions.

*On free technique days, Para-Nordic sit-skiers require a classic track to be set on best line if possible.

6. SPORT SCORING:

6.1. Individual:

The winner in each event will be the competitor with the best position in that event. The Province/Territory's three best able-bodied positions and the best Para-Nordic position for each gender and event will count towards the Provincial/Territorial ranking point total (if ranked higher than 69th in able-bodied and higher than 20th in Para-Nordic as indicated in the charts below). Other scores are omitted. Para-Nordic positions will be determined by adjusting real time by the percentage for each athlete according to their classification.

If there is a tie, points will be shared equally between competitors (i.e. If tied for first then each competitor would receive 97.5 points $(100+95)/2$). If an athlete does not finish or is disqualified, the athlete does not receive any points.

For Provincial/Territorial teams that have received additional athletes through the Canada Games Para Athlete Reallocation Policy, coaches will be required to select four (4) Para-Nordic athletes whose results will count towards sport scoring for the entirety of the Games. The names of the four (4) athletes whose results will count towards sport scoring must be provided to the Competition Secretary at the Coach/Manager Meeting (Team Captains Meeting) prior to the start of competition. If a team does not submit these names by the end of the Coach/Manager Meeting, the original four (4) Para-Nordic athletes selected through the Provincial/Territorial Team Selection process will automatically become the athletes whose results count towards sport scoring.

For sport scoring purposes only, in relation to Canada Games flag point calculations, the final rank of non-scoring para skiers (skiers designated as not eligible for sport scoring as determined by the Provincial/Territorial coaches) will not be considered and the remaining athletes will be re-ranked to provide the official sport scoring results. Medals will be handed out in order of finish and will include non-scoring para skiers (as stated below in section 10).

For example, for able-bodied races, the sport scoring would be as follows:

Athlete A finishes 1st and receives 100 points – 1st place points

Athlete B finishes 2nd and receives 95 points – 2nd place points

Athlete C finishes 3rd and receives 90 points – 3rd place points

For Para-Nordic races the sport scoring would be as follows, assuming Athlete B is a non-scoring para-nordic skier:

Athlete A finishes 1st and receives 40 points – 1st place points

Athlete B finishes 2nd and receives 0 points – no points

Athlete C finishes 3rd and receives 35 points – 2nd place points

Athlete D finishes 4th and receives 30 points – 3rd place points

Athlete B would be awarded the silver medal in both the able-bodied and para-nordic races.

6.2. Relay Competitions:

In the Relay events there are 26 scoring positions, with points allocated for 1st through 26th. Only teams that complete all legs of the relay will be allocated points. Unofficial teams are not eligible for points or medals. In the case where unofficial teams finish ahead of official teams, the final rank of official teams for scoring will be advanced as if the unofficial teams were not in the race.
