

2017 Canada Summer Games Soccer Technical Package

Technical Packages are a critical part of the Canada Games. They guide the selection of athletes by prescribing the age and eligibility requirements, assist the organizing committees by detailing tournament formats and scoring procedures, assist Chefs de Mission in verifying eligibility, help with budgeting by describing the number of participants permitted, advance coaching certification by stating minimum requirements and generally contribute to athlete development by identifying each National Sport Organization's (NSO) version of athletes in the "training to compete" phase of its Long Term Athlete Development Model (LTAD), or other suitable phase of the model as justified by the NSO, discussed with the LTAD expert group, and approved by the Canada Games Council (CGC) Sport Committee.

Every Games' coach, manager, Sport Chairperson and Mission staff has an obligation to read and understand every aspect of the Technical Package. Failure to do so could cost an athlete his or her eligibility for the Games or could affect final standings or the conduct of the competition. If someone does not understand an aspect of a Technical Package, he or she is to seek clarification from the CGC Sport Committee through his or her Chef de Mission or NSO.

Technical Packages are developed 36 to 24 months prior to Games primarily by NSOs, following principles outlined in this document, guidelines and requirements of the CGC. As the overall governing body of the Games, the CGC has the ultimate authority over Technical Packages, but this authority is exercised only with the knowledge and understanding of the concerned NSO. Technical Packages are developed by sport, not disciplines.

If an individual wishes to seek clarification or initiate a change to a Technical Package leading up to a Games, the request should be first directed to the NSO or the Chef de Mission. The NSO or Chef de Mission will evaluate the merits of the request and will, if it has merit, submit the requested change or clarification to the CGC's Sport Division for consideration. The NSO or Chef de Mission will submit the rationale for the request. Changes to age groups, eligibility requirements, team sizes or staff complements will not be considered after 36 months prior to the Games. Additions or changes to events/competition formats that result in a significant cost increase to the Host Society will not be considered after 24 months before the Games, unless approved by the CGC and the Host Society. Substantive changes to events or competition formats will not be considered after 18 months before the Games, unless approved by all participating provincial/territorial associations and the CGC. Minor corrections will be considered at almost any time, but will be increasingly difficult to achieve within six months of the Games. These time frames reinforce the importance of complete understanding of the Technical Package by Games' participants early.

Preliminary Round Competition

Each group (A/B/C/D) will be a round robin within their group. Preliminary round games are worth 3 points for a win, 1 point for a tie and 0 points for a loss. Teams will be ranked within their group, from 1st to 3rd, based on the number of accumulated points (see Section 8 for Tie Breaking Procedures).

Medal and Consolation Round Competition

The first and second ranked teams per group (based on the accumulation of points and tie breaking procedures) following the preliminary round will participate in the Medal Round. The third ranked team in each group will participate in the Consolation Round.

All Medal and Consolation round games will be a single knock-out format, but with all teams advancing to placement games to determine final rankings. All Medal and Consolation round games require a result. Please refer to Section 8 for Tie-Breaking Procedures.

5.2. Duration of Play:

All games will consist of two (2) 40 minute halves.

A half time interval not exceeding ten (10) minutes will be permitted.

There will be a maximum of thirty (30) minutes warm up on the field of play. This warm up period will be determined by the Canada Soccer Technical Rep and conveyed to the teams.

5.3. Substitutions:

A maximum of five (5) substitutions can be made during the game and two (2) subs at half time. A player who is substituted out of the game cannot re-enter the game by means of a later substitution.

5.4. Abandoned Games:

5.4.1. Where a game is abandoned due to factors outside of the control of the participating teams (i.e. weather or floodlight failure) and more than seventy percent (70%) of the game has been played, then the score at the time of abandonment will be recorded as the final result, except if the game is tied and requires a result.

5.4.2. Where a game is abandoned due to factors outside of the control of the participating teams (i.e. weather or floodlight failure) and less than seventy percent (70%) of the game has been played, or more than 70% of the game has been played where the game is tied and requires a result, the following principles will apply:

- (a) The match shall recommence at the minute at which play was interrupted with the same score line;
- (b) The match will recommence with the same players on the pitch and substitutes available as when the match was abandoned;
- (c) No additional substitutes may be added to the list of players on the team sheet;
- (d) Players sent off during the abandoned match cannot be replaced;
- (e) Any sanctions imposed before the match was abandoned remain valid for the remainder of the match;

- (f) The kick-off time, date and location shall be decided by the Organizing Committee;
- (g) In the final game where the game cannot be completed, the winner will be determined by the toss of a coin.

5.4.3. Where a game is abandoned as a result of a discipline issue from one of the competing teams, the team shall be considered as having lost. During the group stages three (3) points will be awarded to the opposing team and a score of 3-0 recorded unless the score on the field at the time of abandonment is in favor of the opposing team by a greater difference than three (3), in which case the final score at the time of abandonment will be recorded.

In the medal rounds the opposing team will advance as winners. In all circumstances the offending team's conduct will be reviewed by the Canada Games Council Disciplinary body who may impose further sanctions ranging from a fine to exclusion from the competition as appropriate.

6. SPORT SCORING:

Following the completion of the competition teams will be ranked from 1st to last, based on the outcome of the competition. Sport scoring will be awarded separately for men and women as follows:

APPENDIX 5 – CAST AND INSULIN PUMP POLICY

Cast Policy

This Canadian Soccer Association (“Canada Soccer”) policy document is designed to reduce inconsistencies in rulings over players wearing casts. All referees are expected to follow these policies in all matches sanctioned by Canada Soccer.

Law 4 states that a player may not use equipment that is dangerous to himself or another player. This is further expanded upon in the Interpretations of the Laws of the Game whereby it is advised that players may use equipment that has the sole purpose of protecting the individual physically providing that it poses no danger to the individual or any other player.

Modern protective equipment made of soft, lightweight, padded materials are not considered dangerous and are therefore permitted.

Hard casts are considered to pose a danger to both the wearer and other players and are not permitted to be worn. The practice of padding a hard cast does not reduce the element of danger.

Players wearing a soft cast will be permitted to play if the cast does not present a danger to the individual or any other player.

The referee or Supervisor of Officials (if one has been appointed to the match/tournament) will make the final decision as to the acceptability of any cast.

Any player who uses a cast with the intent to intimidate or injure an opponent shall be cautioned or sent off.

Insulin Pumps

This Canadian Soccer Association (“Canada Soccer”) policy is designed to reduce inconsistencies in rulings over players with diabetes who wear an insulin pump. All referees are expected to follow these policies in all matches sanctioned by Canada Soccer.

An insulin pump is designed to ensure that the player maintains a proper blood glucose level during the game. An extended period without infusion of insulin may result in hyperglycemia (excess sugar in the blood).

Law 4 states that a player may not use equipment that is dangerous to him/herself or another player. This is further expanded upon in the interpretations of the Laws of the Game whereby it is advised that player may use equipment that has the sole purpose of protecting the individual physically providing that it poses no danger to the individual or any other player.

A player wearing an insulin pump because of a medical condition is permitted to play providing he/she has received written medical clearance and is able to provide the referee with a note indicating such. The pump itself must not present a danger to the individual or any other player.
